How to get started

Welcome

Create account by pushing the blue button "Create new company profile".

If you already have an account you simply "Login".

Responsible for safety

Fill in your name, e-mail and title of the person responsible for safety.

Your password needs to be at least 6 characters.

Add the email of your purchasing department to receive reorder mails.

Product overview

This is the main page of the app where you can add products and get a full overview.

Click to review your profile and add more locations.

Click to log out.

Click to scan new products

Scanning feature

Scan the barcode and the product will automatically be added.

Choose location, purchaser and expiration date.

Reorder feature

Enable automatic reordering and set the number of weeks.

When you reorder the product this icon **ORDERED** will appear.

After reordering you will be notified by email according to your settings.

Create your profile

Please read our terms and conditions. To accept please press "Accept and continue".

Insert your company information and enable "Notifications" to receive a monthly overview of products.

Add unlimited locations by pushing the orange button "Add another location".

Add dealer info

Fill in information about your dealer to send reorder mails directly.

Add unlimited dealers by pushing the orange button "Add another dealer".

Product overview

All your scanned products will appear on the home screen.

When the product has expired or is reordered a small icon will appear by the product.

Scanning feature

If you scan a product that the app does not recognize, you can add the product manually.

Inspection log

Use the inspection function to ensure that all products are within expiration. Simply push "Perform inspection" and your inspections are logged below the product.
