

SAFETY AT WORK

Plum QuickFix To Go - made to go

Keep plasters within easy reach and save time. Put on the plaster - and back to work

A compact and durable solution for first aid wherever work takes you
A practical solution for keeping plasters close at hand when you are on the go. Plum QuickFix To Go combines a compact design with durable packaging, making it easy to bring along wherever first aid may be needed.

The front of the pack opens for easy access and can be closed again after use to keep the remaining plasters protected.

Dimensions: h: 122 x w: 110 x d: 20 mm

Plum QuickFix To go
Compact and durable pack with 45 elastic plasters that adjust to the movement of the skin. Easy to bring along, with a practical front opening that can be closed after use.

Packaging	24
