Plum QuickSafe® EMPTY

YOU MAKE THE DECISIONS

If you want full freedom to organize your first aid according to your requirements, you can start with an empty station and fill it to suit your specific situation.

BUY AN EMPTY STATION AND FILL IT TO MEET YOUR NEEDS

If you have requirements that we do not meet with the 4 different Plum QuickSafe® solutions presented on the following page, you can get a 100% customized solution. Start with a wall station and fill it with eye-wash bottles and other first aid products.

Packaging:	1

Plum QuickSafe® CHEMICAL INDUSTRY

STRONG SOLUTION FOR TOUGH ENVIRONMENTS

Accidents with acids/alkali can have serious and life-long consequences for the individual if you compromise on accessibility.

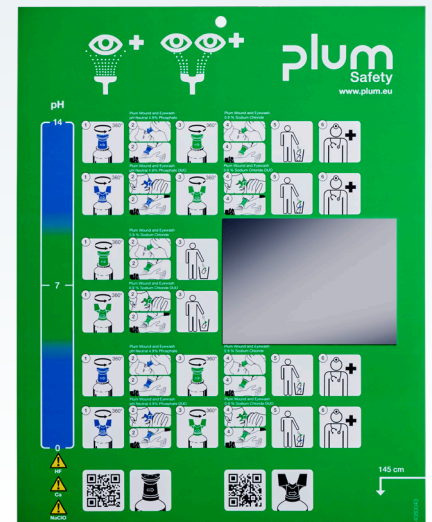

WHEN ONLY SECONDS STAND BETWEEN A MINOR AND A MAJOR ACCIDENT

If there is a risk of accidents involving acids or alkali, safety in the form of effective and mobile wound and eyewash is crucial. It contains, among other things, Plum Wound and Eyewash pH Neutral 4.9% Phosphate DUO that will rinse both eyes at the same time.

CONTENTS:	Article no:
1 x 500 ml Plum Wound and Eyewash 0.9% Sodium Chloride DUO	4861
1 x 500 ml Plum Wound and Eyewash pH Neutral 4.9% Phosphate DUO	4801

5 x 20 ml Plum Wound and Eyewash 0.9% Sodium Chloride QuickRinse ampoules	5160
1 x Plum QuickFix Elastic refill with 45 plasters	5512

Packaging:	1
Article no:	5171
Dimensions:	h: 430 x w: 253 x d: 92 mm

The wound and eyewash plan is included in all Plum QuickSafe® stations

” GET THE MOST IMPORTANT ITEMS IN THE RIGHT PLACE

Spæncom A/S is a leading supplier of concrete elements. The company has chosen Plum Quicksafe® in order to increase safety for their more than 500 employees. “We have chosen Plum Quicksafe®, because the station can be organized to suit the individual work area. In the areas where concrete elements are acid-washed, we can, for example, place Plum Wound and Eyewash 0.9% Sodium Chloride and Plum Wound and Eyewash pH Neutral 4.9% Phosphate DUO close to the work situation. Plum QuickSafe® contains the most necessary items, it can be placed so that first aid is close at hand, and it is very practical with the transparent cover.”

Jany Johannsen,
Environment and Safety Coordinator

Plum QuickSafe® gives you quick, easy, and safe first aid

CUSTOMIZED FIRST AID STATIONS

Fill your first aid station according to your needs. Plum Wound and Eyewash 0.9% Sodium Chloride for rinsing foreign bodies from the eye or wound. Plum Wound and Eyewash pH Neutral 4.9% Phosphate for accidents with acids or alkali. Plasters that are suitable for your work situation. Burn gel that soothes minor burns. Ampoules for minor accidents and irritated eyes. Wipes for cleansing wounds. Wound dressings for more serious accidents.

All of it behind a transparent cover that will give you a perfect overview of what you need.
